

HELP US GROW!

BECOME A COMMUNITY PARTNER

WHO ARE WE?

The Community Action Duluth Farmers Market program is dedicated to the vision of fresh food for all. Through valued partnerships with our vendors, fellow non-profits, and neighbors, we create vibrant community spaces that contribute to the social and economic vitality of the neighborhoods we serve.

We believe that markets like ours are the new town square and are an engine of community connection; hosting yoga and cooking classes, live music, and opportunities to socialize with neighbors.

BEING A PARTNER

Sponsoring the farmers market demonstrates your commitment to equitable food access, sustainability, economic development, community building, and entrepreneurship.

Connect with our shoppers! Market-goers are adventurous cooks interested in eating well, folks who value moving their bodies, and caregivers who are invested in creating opportunities for their children and communities.

MARKET REACH
